COMPANY OVERVIEW

Beyond All Distribution LLC (BAD LLC) is a New Jersey-based Small Business Enterprise (SBE) and Minority Business Enterprise (MBE) delivering transportation, logistics, distribution, procurement support, and commercial supply solutions — including janitorial, sanitation, facility maintenance, and office and industrial supplies — to commercial, state, local, and federal customers. Built on more than twenty years of commercial transportation, logistics, operational leadership, and workforce coordination experience, the company operates on a foundation of integrity, accountability, professionalism, and dependable performance.

The company is structured to perform work directly within its core competencies, with the flexibility to responsibly scale through strategic relationships with manufacturers, distributor suppliers, and qualified subcontractors, and experienced project partners as contract requirements grow.

MISSION STATEMENT

To provide responsive, reliable transportation, logistics, procurement, and supply solutions that exceed customer expectations — delivered with integrity, professionalism, accountability, safety, and dependable performance at every stage of the customer relationship.

We believe every contract represents an opportunity to serve with integrity, professionalism, accountability, and dependable execution.
